YEAR 2019

ANNUAL REPORT //2019

REPORT BY LIZA MARZO

A WORD FROM THE CHAIRMAN

According to Wikipedia, an annual report is a comprehensive report on a company's activities throughout the preceding year. Annual reports are intended to give shareholders and other interested people information about the company's activities and financial performance. They may be considered as grey literature. Most jurisdictions require companies to prepare and disclose annual reports, and many require the annual report to be filed at the company's registry.

Companies listed on a stock exchange are also required to report at more frequent intervals.

Other information deemed relevant to stakeholders may be included, such as a report on operations for manufacturing firms or corporate social responsibility reports for companies with environmentally or socially sensitive operations. In the case of larger companies, it is usually a sleek, colorful, high-gloss publication.
